by Bob Holt

Monthly Book Club Discussion

November 28 @ 7:00 pm

The powerful, classic story about a man who receives an operation that turns him into a genius...and introduces him to heartache.

Charlie Gordon is about to embark upon an unprecedented journey. Born with an unusually low IQ, he has been chosen as the perfect subject for an experimental surgery that researchers hope will increase his intelligence-a procedure that has already been highly successful when tested on a lab mouse named Algernon.

As the treatment takes effect, Charlie's intelligence expands until it surpasses that of the doctors who engineered his metamorphosis. The experiment appears to be a scientific breakthrough of paramount importance, until Algernon suddenly deteriorates. Will the same happen to Charlie?

Mascot

by Charles Waters

West of the sea

by Stephanie Willing

Reading is a Gift

The Pawnee City Public Library is once again sponsoring a program to help students shop for gifts for their family. In order to reach more students, we are coordinating the program with the Pawnee City Public Schools. Registered participants will be given the opportunity to chose a gift for Mom, Dad, guardians and siblings. The Christmas store will be in the basement of the Pawnee City Public Library. Keep watching for information on when you can schedule your time to shop.

Students need parental permission to participate in this program. Please fill out a registration form and return to the school OR Pawnee City Public Library. All programs sponsored by the Pawnee City Public Library are free of charge.

If you have questions, please contact the Pawnee City Public Library.
