Who is Jenna Fox?

Seventeen-year-old Jenna has been told that is her name. She has just awoken from a year-long coma, and she's still recovering from the terrible accident that caused it. Her parents show her home movies of her life, her memories, but she has no recollection. Is she really the same girl she sees on the screen?

Little by little, Jenna begins to remember. Along with the memories come questions-questions no one wants to answer for her. What really happened after the accident?
